Dear Sid:

Attached is a copy of P-E's Final Settlement Claim and Termination Inventory for HF-32-27 ("C" Improvement).

The Auditor has been requested to review the costs and submit his report as soon as possible. In accordance with your previous instructions, the Contractor is being directed to ship all residual inventory that cannot be used on the Open Call and Repair Contracts or that which it wishes to purchase for its own use to WRAMA. I believe there is another inventory of residual at Pasadena which is surplus. Contractor is also being directed to ship this to WRAMA, if not already accomplished.

With regard to the proposal your attention is invited to the bottom of page 2, Contractor's claim for fee. Your comments are requested regarding the percentages of completion used by the Contractor in its claim for fee.

A copy of this letter and proposal is being sent to WRAMA for their information.

Sincerely,

SENT

Dear Dan:

Reference Contract 32-27, (termination),
Navy will not effect negotiation of 1958 G&A
rates for Pasadena contractor probably until
the end of August, 1959, (instead of 1 July 1959
as Joe indicated during your recent visit).

I discussed this matter today with the
Navy auditor under whose supervision the G&A is
being developed. He is also now wired in on our
program and replaces at this location. I
asked that if it were feasible, based on data
developed to date, to attempt to wrap it up
as soon as possible. He agreed to attempt to do
this. This audit is being given preference over
the other property audits in order not to hold up
the prime negotiation.

Regards,

Walt
